## BUSINESS BANQUET THURSDAY NIGHT

LADIES WILL BE PRESENT—TICKETS BEING SOLD RAPIDLY—NOT FULL DRESS.

The ticket sellers for the banquet are rapidly completing their labors and the indications are that there will be a most excellent attendance of representative people at the Commercial Club event at the Elmer house parlors on Thursday night, serving to begin promptly at eight o'clock. Those who have not been called upon may still get tickets at Post's drug store or Frame's drug store, but these will be withdrawn at noon on Thursday, as it is imperative that the caterer shall know definitely how many plates to prepare that much in advance.

The speeches and toasts will not be long drawn out and sold the people to a late hour, but the program will be so arranged that it will not be later than 10:30 when good night may be said. Two of the invited speakers have not been able to accept, but the three who were most counted upon have been prompt in their assurances that they will be on hand to do their part on that night. Lowenstein's orchestra of six pieces and John Freeman's male quartette will supply the music for the occasion.

For the information of those who have been a trifle timid about coming for fear that it will be a "foll dress" affair the committee wishes it understood that it will be a "plain clothes" event, and that business suits will be the thing for the occasion and will predominate as it is desired to avoid all stiffness and formality and make the occasion a good big get acquainted event.

The menu and the program of the evening will be printed tomorrow and will be made public for the benefit of those who are still undecided as to attending.

Not one member has so far bought a ticket without buying one for his wife also.

### A GOOD COUGH MIXTURE.

Simple Home-Made Remedy That is Free From Opiates and Harmful Drugs.

An effective remedy, that will usually break up a cold in twenty-four hours, is easily made by mixing together in a large bottle two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. This mixture will cure any cough that is curable, and is not expensive, as it makes enough to last the average family an entire year. Virgin Oil of Pine compound pure is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, Ohio.

## RESTLESS HOURS LAST NIGHT

CONGRESSMAN CARTER STILL SICK—TELEGRAMS FROM FERRIS AND CHAMP CLARK.

Congressman Charles D. Carter, who has been at the Ardmore sanitarium for the past two weeks, spent a restless night last night. His eye pained him severely but today he is resting more easily and his physician says his eye is better today than it has been since he entered the sanitarium. Telegrams from Scott Ferris, Champ Clark and other congressmen were received by him today from Washington and cheerful replies were made by Mr. Carter. He will make no attempt to go to Washington before the holidays but hopes to be present when congress convenes after the holidays.

Mr. Carter is suffering from what the physicians term plastic iritis which is an inflammation of the lining of the eye.

Thomas Walker, aged 12 years, son of Dr. Walker of Wynnewood, is at the sanitarium for an operation for appendicitis. The boy's father accompanied him here. The operation will be performed Wednesday or Thursday. The patient was taken very suddenly with appendicitis Saturday and was at once removed here.

Mrs. J. T. Richardson, who underwent a very serious operation, is improving and will be taken to her home tomorrow.

Edgar, the little son of Mr. and Mrs. W. J. Boone, is very sick with slow fever.

James Musgrave, son of Mr. and Mrs. Tom Musgrave, is quite sick with typhoid fever.

## STILL ADVERTISING THE PRIZE FIGHT

COMMISSIONERS IN ABSENCE OF ATTORNEY NOT WILLING TO BEGIN THE FIGHT.

The committee appointed at the good government mass meeting Sunday to see whatever means they could to stop the prize fight tonight at the Crystal theatre reports that it has ordinance drafted which they will request the city commissioners to pass and to enforce. The commissioners were seen this morning. One stated he had heard nothing of such an ordinance and another one stated that the city attorney was out of town, that for his part he did not feel justified in plunging the city into a suit just at this time to test such a question as the power of the city government to prohibit a theatre from throwing on canvases pictures of a prize fight. People generally in discussing the matter say that the fight on the theatre is one of the undirected efforts of good men and say they should stick to their original text and clean the town of whiskey before going after other things especially such minor matters as the prize shows.

In the mean time the theatre is still advertising its show and the people will be there in crowds to see it. Of course the advertising the prize fight has had, served to sharpen the appetites of the people to witness it.

## Little Stories of the Street

### Horse Recovered.

Bob Woodridge at Leno Grove lost a horse about the middle of November and about the same time Elmer McCauley near there lost a saddle. After making a diligent hunt the horse was first located near Cornish and was afterward captured in Marietta. The stolen horse and stolen saddle by some means had become attached to each other and were closely associated together when captured by Deputy Landrum. George Price has been placed under arrest and is now in jail.

### Land Suits.

A telegram from a private source from St. Louis says the land purchasers are very hopeful that the circuit court will affirm the decision of Judge Campbell. The arguments for the government it seems were not so strong as was expected and Mr. Bledsoe for the purchasers is especially complimented for his strong argument. J. S. Mullen and Hugh Ledbetter of this city are present at the hearing.

### Speaks Sunday.

Judge John J. Carney will deliver an address Sunday afternoon to the Confederate Veterans. Judge Carney is here holding court. He is an entertaining speaker and the people are requested by the veterans to attend.

### Hanford Last Night.

Theatre goers were given an unusual treat last night in the presentation of the Taming of the Shrew by Chas. Hanford and his company. The people expected something good and they were not disappointed. Hanford is supported by an excellent company. There were no weak parts in the entire performance. The company goes from here to Oklahoma City and will also play Guthrie before leaving the state.

### Veterans Home.

J. R. Pennington is devoting a portion of every day to work for the Confederate Home. He says there is no danger that Ardmore will fall down on its proposition, that it will more than make good with the old veterans. The money is coming in nicely and there is no reason why work on the building should not begin soon.

### Accepted Call.

The people of the town of Kingston are to be congratulated that Rev. W. R. Selvidge has accepted the call of the Baptist church in that town and will preach there two Sundays in each month. He is a strong preacher and a most excellent man.

## WIFE KILLING CASE IN COURT

NEGRO TELLS STORY OF ACCIDENTAL KILLING—STATE HAS STRONG CASE AGAINST HIM.

The John Roberts trial has occupied the entire time of the district court since Monday morning. Assistant Mattson opened the argument for the state this morning. He was followed by A. C. Bruce for the defense. These two speeches occupied the entire morning hour. W. L. Bruce spoke this afternoon and he is followed by Mr. Mathers for the state.

The defendant admits that he shot and killed his wife and tells the court he did it accidentally. The defense proved the negro to be a peaceable darkey and never in court before either as a defendant or as a witness. The gun with which the shooting was done was very easily discharged and it may be the negro told a truthful story on the stand. However the state proved he could not have shot her as he said he did and the fact that he ran away and stayed for ten days is against the negro. A verdict may be reached late this evening or tonight.

In all probability the next case called will be that of Mose Proffett. He is a darkey charged with the murder of his step-daughter.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand good medicine, and I heartily recommend it." Sold by all druggists.
